MESSAGE FROM OUR CEO

In partnership with the American Health Care Association (AHCA) and the National Center for Assisted Living (NCAL), THCA represents a broad spectrum of long-term care providers and professionals offering long-term, rehabilitative, and specialized health care services.

Each year approximately 1,200 long-term care professionals engage with THCA events where we offer our business members a variety of ways to connect with facility and provider company decision makers.

Thank you for considering a partnership with us in 2023! The work that we do in long-term care will continue to increase in importance as a growing elderly population relies on our provider members for care and services.
